

2023/24 Estevan Bruins
CALCUTTA SHOOTOUT
Saturday, January 20th, 2024 Affinity Place

The annual Estevan Bruins shootout will take place following the home game vs Melfort on Saturday, January 20th at Affinity Place. Participating in the shootout will be the two Bruins' goaltenders, 21 Bruins skaters, and potential 'mystery' shooters.

50% of the total amount (fundraising portion) will be donated towards the Estevan Bruins. The remaining 50% of the total (prize portion) will be divided up between five winners. Percentages listed below.

BIDDING RULES

- Bids will commence at 6:00pm on January 20th, 2024 and remain open until the start of the 3rd period.
- Minimum \$50 for each bid sheet.
- Those who are successful in "buying" a player must be prepared to pay for their purchase in full before the shootout begins.
- There will be only one winning bid per shooter. For goaltenders, there are three categories to be purchased for each (6 total): Above .800Sv%, Between .700 - .800Sv%, Below .700Sv%. There will be only one winner for each goaltender.

SHOOTOUT RULES

ROUND 1: Each shooter will take two shots, one on each goaltender. Anyone who scores one goal will advance to Round 2. Anyone who scores two goals will advance to Round 3. Anyone who fails to score will be eliminated from the competition.

ROUND 2: Each shooter will take two shots, one on each goaltender. Players tied with the most amount of goals will advance to Round 3. Anyone who fails to score will be eliminated from the competition.

a) If no one scores in Round 2, and there are at least three shooters already in Round 3, the competition advances to Round 3.

b) If no one scores in Round 2, and there are less than three shooters already in Round 3, then there will be another 'tie-breaking' round in

Round 2 to determine who finishes 3rd (if there are 2 shooters already advanced) or who finishes 2nd and 3rd (if there is only one shooter advanced, they finish 1st).

c) If only one shooter has previously advanced to Round 3, and only one shooter scores in Round 2, those two shooters will wait and shoot again in Round 3 to determine 1st and 2nd. But first, there will be a "tie-breaking" round between the shooters who failed to score in Round 2 to determine who finishes 3rd.

ROUND 3: The scoring totals revert to zero and the remaining shooters will take two shots, one on each goaltender.

a) If only one shooter scores on both shots, they finish 1st. In this case, if only one other shooter scores on one shot, they finish 2nd and there will be a "tie-breaking" round to determine 3rd.

b) If only one shooter scores on one shot, they finish 1st. Then there will be a "tie-breaking" round to determine 2nd and 3rd.

c) If only two shooters score on both shots (or on one shot), they will advance to the next round to determine 1st and 2nd. If only one other shooter scores on one shot (if the previous two score on both), he finishes 3rd. In any other case, there will be a "tie-breaking" round to determine 3rd.

d) If three or more shooters score the same amount of goals (one or two), they all advance to the next round. The others are eliminated.

ROUND 4 (5 & 6 if necessary): The format in Round 3 continues until 1st, 2nd and 3rd overall are decided.

WINNERS & PAYOUTS

1st Place:	30%	HRDLICKA (SV%)	20%
WINNER:	\$	WINNER:	\$
2nd Place:	20%	MILLER (SV%)	20%
